Re: "Paperless" Utility Bill

Water and Sewer Customer,

The City of Montague Utility Billing Department is now going "paperless" and offering customers who receive postcard Utility Bill(s) by mail the opportunity to have your bill(s) emailed to you instead. If you are interested in this new service, you will need to contact this office and give us a valid email address.

Of course, if you still want to receive your postcard Utility Bill(s) by mail along with email notification, we will continue to do that for you.

You may contact this office for further information by phone 231-893-1155 or by email at ***WaterSewer@cityofmontague.org***.

Sincerely,

Tina Ramthun
Utility Billing Clerk
City of Montague
